

INTRODUCING
**GU LIQUID
ENERGY**

Photo by Magdalena Boulet

GREAT-TASTING DRINKABLE ENERGY.

Introducing **GU Liquid Energy** with portable and fast-absorbing carbohydrates. This great-tasting energy source also includes electrolytes for optimal hydration, amino acids to reduce muscle breakdown, and caffeine in some flavours for increased focus.

AVAILABLE IN 4 DELICIOUS FLAVOURS:

Coffee, Orange, Lemonade, and Strawberry Banana

Introducing GU Liquid Energy

ENDURANCE NUTRITION

Created to provide energy for training and competition, GU Liquid Energy delivers a great-tasting source of complex and simple carbohydrates with a refreshingly light and smooth consistency. Each 100-calorie serving also helps to restore the primary electrolyte lost in sweat (sodium) along with branched chain amino acids (BCAAs).

We're launching this new way to fuel in four refreshing and delicious flavors:

PART #	FLAVORS	UNIT SIZE	UPC
