Independent Study – Hershey Foods

A young couple is sitting at an outdoor cafe table. The woman, on the left, has long brown hair and wears glasses and a white t-shirt. She is smiling and holding a smartphone horizontally to take a photo of a plate of food. The man, on the right, has a beard and is wearing a blue t-shirt. He is also holding a smartphone horizontally, looking down at it. On the table in front of them are two plates of food: one with a yellow salad and another with bread and meat. The background is a blurred outdoor setting with trees and other people.

Millennials and Gen Z consumers, many of whom are looking for something special to post on their social media accounts to “wow” their followers.
